

Tombigbee Fiber App

(CommandIQ)

Quick Start Guide: Setting Up Your App

24/7 Tech Support: 1-888-601-2449

tombigbeefiber.com
1.877.FIBER2U

1 Download the app by searching either the Apple Store or Google Play Store for 'Tombigbee-Fiber' then install it on your device.

2 Select "SIGN UP" towards the bottom of the screen.

Getting started with the App.

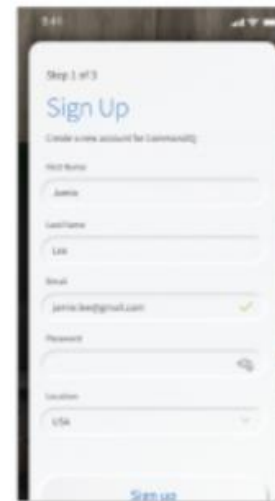

The App allows you to manage your home or small business Wi-Fi network. You can self-install and be managing your home or business within a few minutes. Download the app and start managing your home network today!

3 Enter your personal information. The password you enter here will be used to access the app.

Note:

Please wait at least 10 minutes after your router has been 'turned up' before attempting step 4.

4 If your system is plugged in and connected, select "Yes" to continue.

5 Tap the QR code that appears within the app. (You will be asked to allow the app to access your camera.) Point your camera at the QR code found on the bottom of the router.

6 Select "Submit" and "OK."

Instructional videos about the app can be found at the

Tombigbee Fiber YouTube Channel:
